

Chief Financial Officer

The Northwest Arkansas Regional Airport Authority (Airport) seeks a high-energy, business-savvy Chief Financial Officer (CFO). The CFO is responsible for the overall development and maintenance of the financial and accounting functions of the Airport. Along with the Chief Operating Officer and Chief Business Development Officer, he or she is a member of the senior leadership team, reporting directly to the Chief Executive Officer. The CFO will actively participate in major decisions to help guide the strategic direction of the Airport within the parameters set by the Board of Directors.

The CFO oversees development of the budget and provides strategic guidance for the funding of operations and capital projects. He or she will help identify and develop opportunities to maximize aeronautical and non-aeronautical revenues and properly manage expenditures. The CFO will analyze and optimize revenue sources with the goal of increasing Airport utilization, improving the quality of facilities and the efficiency of operations, and maximizing competitive advantage and customer satisfaction at the Airport.

The CFO has oversight over all accounting functions, including the development of internal control systems and coordination of the external audit. He or she will be expected to recommend and successfully implement systems, processes and software that increase efficiency and accountability in all financial activities at the Airport.

The CFO will have responsibility over payroll, human resource functions, and personnel. Additionally, he or she will be responsible for overseeing information technology, risk management and procurement.

Minimum qualifications:

- Bachelor's degree in Accounting, Finance or a related field
- 10+ years in progressively responsible experience in accounting, finance or business management
- 5+ years of management/supervisory experience

Preferred qualifications:

- CPA Certification
- Advanced Degree in Accounting, Business or Law

How to apply:
